About Kennedy Health Alliance
Kennedy Health Alliance is a network of primary and specialty care physician practices throughout southern New Jersey that provides patients with high-level, efficient healthcare services, close to home. KHA acts as a “gateway” to good health - connecting patients and their family members with medical expertise, primary care and specialty services. KHA’s team of medical professionals uses a coordinated approach to care that focuses on each patient’s individual needs, while linking their patients to other important services, including medical specialists, hospitals, home health care, laboratory testing, and various outpatient programs, as needed. For more information, visit www.KennedyHealthAlliance.org
Kennedy Health Alliance
Obstetrics & Gynecology is committed to providing patients with personalized, compassionate OB/GYN care in a comfortable and caring environment.

Our experienced team of physicians, a nurse practitioner and office staff are here to provide you with the resources you need. From routine OB/GYN issues to more complex medical concerns, such as fibroids and changes in breast health, our team will connect you with the services you need, when you need them.

For your convenience, KHA’s OB/GYN team provides a variety of comprehensive women’s health services, including:

- Routine gynecological exams
- On-site pregnancy testing and pre-natal care
- Birth control counseling and IUD placement
- Pessary fitting and management (a non-surgical treatment for pelvic organ prolapse)
- Breast exams and mammogram referrals
- In-office procedures, such as colposcopy and endometrial biopsy
- Testing and treatment for STDs (Sexually Transmitted Diseases)
- HPV vaccination
- Menopause symptom management

Flexible hours and same-day appointments are available to accommodate urgent medical needs.

Obstetrics & Pre-Natal Care
During your pregnancy, it’s important to choose a team you can rely on. Our providers and staff will strive to make your pregnancy as enjoyable and stress-free as possible.

As a KHA patient, you’ll have seamless access to Kennedy Health’s Women’s and Children’s services, including:

- Neo-Natal Intensive Care Unit (NICU)
- Maternal Fetal Medicine
- Educational classes
- Family support groups

Our providers collaborate with Kennedy OB/GYN Associates to provide a cohesive experience, from your initial appointment, to delivery at Kennedy University Hospital in Washington Township.

Meet Our Team:
Elias Nemeh, M.D., has been practicing Obstetrics & Gynecology for more than 20 years. Board certified by the American Board of Obstetrics and Gynecology, he is a member of the American Medical Association and the American College of Obstetrics and Gynecologists. Dr. Nemeh is fluent in English, Arabic and Polish.

Deborah White, D.O., is a 2009 graduate of the University of New England College of Osteopathic Medicine and holds a master’s degree in Public Health from George Washington University. A board-certified member of the American College of Osteopathic Obstetricians and Gynecologists, she has a special interest in cerclage placement (a procedure used to prevent pre-term delivery) and minimally invasive gynecological surgery.

Linda Narcisi, APN, is a certified Women’s Health Care Nurse Practitioner in practice for more than 20 years. A member of the American College of Osteopathic Obstetricians and Gynecologists, Linda has a special interest in chronic vaginitis and pessary placement (the non-surgical treatment for pelvic organ prolapse). Linda is fluent in both English and Spanish.
